

- DIGITALIZATION OF THE OIL AND GAS INDUSTRY -

# SEMANTIC DAYS

20<sup>TH</sup>-21<sup>ST</sup> MAY 2014

*Conference for major new improvement in integrated work processes and knowledge management.*

## Digitalization of the oil and gas industry

Radisson Blue Atlantic Hotel, Stavanger, Norway. May 20-21, 2014

The Programme Committee welcomes you to the 9th Semantic Days Conference in **Stavanger, Norway, May 20-21, 2014**. The conference is a two-day event with focus on **improved new work processes, and processes for safer, faster and better decision** in the offshore industry.

The purpose of the Semantic Days Conference is to deliver value to the industry and to the public sector by promoting semantic technologies for improved collaboration and knowledge management and by bringing people together in a forum that supports learning, networking and business development.

This year's main theme is **Digitalization of the Oil and Gas Industry** where the focus will be on **Big Data, Integrated Operations, Asset Planning and Offshore Logistics**. For the very first time, the attendees will see demonstrated automatic transfer of asset planning data for development and modification projects between operators and contractors. Furthermore, the audience will also be introduced to completely new work processes for tracking offshore cargo carrying units deployed by the major players in the offshore industry.

Following the tradition of previous conferences, Semantic Days will also host a number of tutorials and workshops. If you are interesting in organising a tutorial or workshop, or have any particular topic you would like to learn more about please let us know. Proposals for tutorial and workshop sessions should be on use of semantic technology within the E&P domain. Feel free to contact us regarding these sessions.

We are looking forward to an inspiring conference with challenging discussions in Stavanger, 20th – 21st May 2014, and hope to see you there. Take the opportunity to bring your colleagues to this venue. If you consider co-locating a project meeting with the conference please let us know.

For programme and [registration](#) please visit our website [www.semanticdays.no](http://www.semanticdays.no).

Best regards,

Dr. Thore Langeland  
The Chair of the Programme Committee
