

- DIGITALIZATION OF THE OIL AND GAS INDUSTRY -

# SEMANTIC DAYS

20<sup>TH</sup>-21<sup>ST</sup> MAY 2014

*Conference for major new improvement in integrated work processes and knowledge management.*

## Digitalization of the oil and gas industry

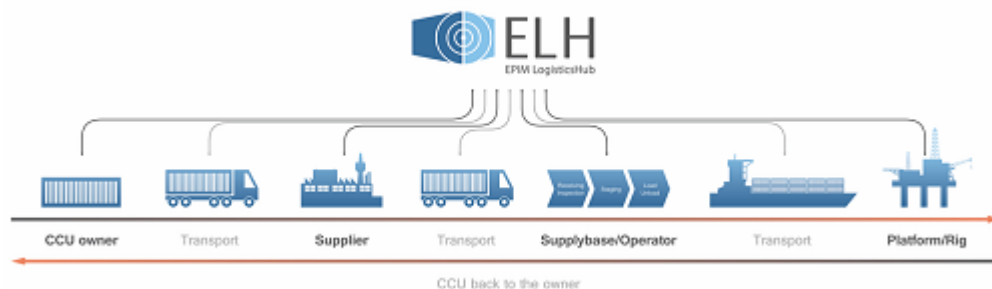

Radisson Blue Atlantic Hotel, Stavanger, Norway. May 20 - 21, 2014

**All operators** on the Norwegian Continental Shelf (NCS) have agreed to build a common solution for tracking Cargo Carrying Units (CCUs) and their content. The operator-owned organization EPIM, is building the solution, EPIM LogisticsHub (ELH) and ELH will be in regular operation early 2015.

The driving forces behind this initiative are ConocoPhillips, Statoil, BP and Talisman. ELH will be a tool for all participants in the supply chain to share tracking information.

Operators, CCU owners, technology providers and other stakeholders presents their view on the ELH solutions at the conference. Computas and TopQuadrant is delivering the ELH solution.

**EPIM LogisticsHub provides tracking information to all stakeholders on the NCS**

The purpose of the Semantic Days Conference is to deliver value to the industry and to the public sector by promoting semantic technologies for improved

collaboration and knowledge management and by bringing people together in a forum that supports learning, networking and business development.

We are looking forward to an inspiring conference with challenging discussions in Stavanger, 20 - 21 May 2014, and hope to see you there. Take the opportunity to bring your colleagues to this venue. If you consider co-locating a project meeting with the conference please let us know.

*Remember to register before the April 18th to benefit the earlybird prices.*
